Rahul Dhiman

Backend Developer | Laravel | PHP | Python | REST APIs | MySQL | AWS

Mohali, Punjab, India | +91-8894084509 | torahul12091@gmail.com | linkedin.com/in/raahuldhimanofficial | github.com/raahuldhiman-dev | raahuldhiman-dev.github.io

PROFESSIONAL SUMMARY

Backend Developer with 5+ years of experience designing and maintaining PHP/Laravel and Python services, REST APIs and MySQL database schemas for business-critical, high-traffic applications. Experienced integrating payment gateways, Zoom, queue-based processing and AI/ML APIs, with a focus on clean architecture and code quality. Familiar with AWS, GCP and Oracle Cloud, and containerization with Docker. Open to remote roles.

TECHNICAL SKILLS

Back End: PHP, Laravel, Python, FastAPI, Flask, Node.js, REST API Design, MVC Architecture, Queue-based Processing, Authentication and Authorization (OAuth, Laravel Sanctum, Role-Based Access Control)

Databases: MySQL, PostgreSQL, Redis, SQLite, Database Schema Design and Optimization

Cloud and DevOps: Amazon Web Services (AWS: S3, DynamoDB, Rekognition), Google Cloud Platform (GCP), Oracle Cloud Infrastructure (OCI), Microsoft Azure, Cloudflare, Docker, GitHub Actions (CI/CD), Git, Linux

Integrations: Payment Gateways, Stripe, Zoom API, Zerodha Kite API, WebSockets, OpenAI API (GPT-4), Third-party REST APIs

Other: JavaScript, React, Software Architecture, System Design Reviews, Agile

PROFESSIONAL EXPERIENCE

Software Engineer (Full Stack, AI Integration), Softweaver Technologies (SWT) Mar 2025 - Present
Mohali, Punjab, India

- Design and develop software infrastructure for web-based platforms using PHP, Laravel and JavaScript frameworks.
- Integrate AI/ML APIs and third-party services into existing product pipelines.
- Contribute to software architecture decisions, system design reviews and code quality standards.
- Collaborate with cross-functional teams on product delivery in an agile environment.

Full Stack Engineer (Laravel, PHP, React), Kwan Network Solutions Aug 2023 - Mar 2025
Sahibzada Ajit Singh Nagar, Punjab, India

- Developed and maintained PHP/Laravel back ends powering business-critical web applications.
- Designed and optimized MySQL database schemas for high-traffic applications.
- Integrated REST APIs and third-party services, including payment gateways and communication tools.
- Participated in the full software development lifecycle, from requirements gathering to production deployment.

Full Stack Engineer, Canvas Craft Media Aug 2022 - Aug 2023
Sahibzada Ajit Singh Nagar, Punjab, India

- Supported back-end integrations using PHP and Laravel patterns for client web projects.

PHP Developer (Laravel, JavaScript), WorksDelight Feb 2022 - Aug 2022
Mohali, Punjab, India

- Built and maintained PHP web applications using Laravel and MVC architecture.
- Delivered features under tight deadlines with code review and version control (Git).

PROJECTS

AI Content Generator

Tech: Laravel, PHP, GPT-4 (OpenAI API), React, MySQL, Redis, REST API

- Built a Laravel microservice powered by GPT-4 for SEO and marketing content, with queue-based processing, a REST API, multi-language support and a React dashboard.

eCommerce Platform

Tech: Laravel 11, PHP, MySQL, Spatie Permission, React

- Built a Laravel 11 multi-role eCommerce platform with Admin, Merchant and Customer portals, role-based permissions (Spatie), product management and order tracking.

Appointment Booking System

Tech: Laravel, Vue.js, MySQL, Zoom API, Stripe

- Built a multi-role booking platform with Zoom API integration, role-based access control, real-time notifications, calendar sync and Stripe payments.

Laravel Chat App | github.com/raahuldhiman-dev/Laravel-Chat-App

Tech: Laravel 13, PHP, Sanctum, Laravel WebSockets, Vue 3, Pinia, Vite, Docker

- Built a multi-user real-time chat app with Sanctum token authentication, direct and group conversations, file attachments, unread tracking, typing indicators and presence via self-hosted WebSockets.

EDUCATION

Master of Computer Applications (MCA), Artificial Intelligence & Machine Learning, Amity University Online — Mar 2024 - Apr 2026

Bachelor of Computer Applications (BCA), Himachal Pradesh University — 2018 - 2021
